New VXI BlueParrott Wireless Bluetooth Headset for Cell Phones and Computers Delivers Freedom, Comfort and Professional Sound Quality

Rollinsford, NH – January 4, 2005 – Addressing the growing demand for wireless products to enhance efficiency and mobility, VXI Corporation today introduced the VXI BlueParrott™ B150 Wireless Bluetooth Headset and Charger for Bluetooth enabled cellular phones and computers (PC or Macintosh). The BlueParrott B150 features the comfort and stability of over-the-head styling and professional grade, noise canceling sound quality. Simply pair the BlueParrott headset with your Bluetooth enabled cell phone or computer and enjoy a wireless connection of up to 33 feet.

“The BlueParrott B150 wireless headset gives traveling professionals comfort and greater freedom of movement by letting them be completely hands free. Additionally, our professional grade functionality gives them professional sounding calls- on both ends of the call.” said Lisa Keslar, Director of Marketing, VXI Corporation.

The BlueParrott B150 includes the headset and both the vehicle accessory charging cord and an AC Power adaptor for your wall. This makes it easy to charge the headset in your car, hotel, home or office. System features include:

- Compatibility with most Bluetooth-enabled cellular phones and Bluetooth-enabled computers
- Range of up to 33 feet
- Noise canceling microphone to greatly reduce background noise
- Lightweight, ergonomically balanced headset for all-day wearing comfort
- Talk time up to six hours. Standby time up to 100 hours
- Mute and volume controls
- 128 Bit digital encryption provides airtight security during wireless communication

The VXIBlueParrott B150 headset is offered at a highly competitive suggested retail price of \$124.50 and is backed by an industry-leading two-year warranty.

About VXI Corporation

Founded in 1989, VXI designs and develops high performance headsets for office, home, call centers, OEM, VoIP and speech recognition markets. From VXI's first products – professional call center headsets, to its newest line of VXIBlueParrott wireless headsets, VXI has been at the forefront of translating the needs of end-users into innovative, technologically advanced products.
