**NEW BLUEPARROTT® TALKPRO™ WIRELESS BLUETOOTH HEADSET
FAMILY FOR SPEECH RECOGNITION SOFTWARE DELIVERS FREEDOM,
COMFORT AND CONSISTENT ACCURACY**

Rollinsford, NH – January 10, 2005 – VXI Corporation today introduced two new BlueParrott® TalkPro™ Wireless Bluetooth Headsets for PC or Macintosh, providing exceptional performance with applications requiring high quality audio such as speech recognition.

The BlueParrott TalkPro B1000-GTX combines easy USB installation with the comfort and stability of over-the-head styling and professional grade sound. Simply plug the B1000-GTX base into the USB port on your computer and enjoy a wireless headset connection of up to 75 feet from the base.

The BlueParrott TalkPro B150-GTX combines the same professional grade Bluetooth wireless headset with wall and car auxiliary chargers for users who already have Bluetooth enabled devices.

“Our TalkPro headsets are known to deliver reliable accuracy and consistent performance with speech recognition software applications. These powerful attributes can now be enjoyed wirelessly with BlueParrott TalkPro headsets. Computer users who require the highest quality microphone performance, gain greater comfort and freedom of movement by being wire free” said Jim Sellers, Speech Recognition Product Sales Manager, VXI Corporation.

Features include:

- Speech recognition quality noise canceling microphone
- Talk time up to six hours. Standby time up to 100 hours
- 128 Bit digital encryption provides airtight security
- Stable fit and long wearing comfort
- With the B1000-GTX base, range is up to 75 feet. Range for the headset alone with

other Bluetooth devices is up to 33 feet.

- Volume, on/off, pairing and mute
- Headset also links to Bluetooth cellular phones
- USB compatibility: Windows XP, 2000, Me, 98SE and Macintosh OS 9.1 and higher

The BlueParrott TalkPro B1000-GTX and the B150-GTX are offered at highly competitive suggested retail prices of \$290 and \$165 and are backed by an industry-leading two-year warranty.

About VXI Corporation

Founded in 1989, VXI Corporation designs, develops and delivers telephone headsets for the home and business, as well as other high performance voice communications products for professional, OEM and Internet telephony markets.

From the company's first products – professional call center headsets, to its newest line of headsets for use in the home and home offices, including Bluetooth-enabled BlueParrott B200 Wireless Headset System, VXI has been at the forefront of translating an understanding of the needs of end-users into innovative, technologically-advanced voice communications products and solutions.

VXI's products may be viewed on their websites at www.blueparrott.com and www.vxicorp.com and are available directly or from major distributors and OEMs throughout the world.
