BlueParrott C300-XT

What is the BlueParrott app?

Prerequisites

- BlueParrott app - iOS
- BlueParrott app - Android

The BlueParrott app offers a range of extra features that enable you to personalize and enhance your BlueParrott headset.

- Program your BlueParrott Button from your mobile device and get fast access to your favorite features such as mute, speed dial and more.
- Integrate with a range of third-party platforms for a seamless Push-to-Talk (PTT) experience.
- Easy over-the-air firmware updates for the B650-XT, S650-XT, M300-XT, M300-XT SE and B450-XT (BPB-45020) headsets.
- Get started with user guides and contact the BlueParrott technical support team when you need assistance.
