

BlueParrott B550-XT

How do I reset the Parrott Button on my BlueParrott B550-XT?

When you reset the Parrott Button on your BlueParrott B550-XT headset, Parrott Button settings and previously paired devices will be cleared.

To reset the Parrott Button, follow these steps.

1. Power on the headset.
2. Press and hold (10 seconds) the **Parrott button** and **Volume down** button simultaneously until you see the Multi-function button rapidly flash purple twice.
3. The BlueParrott button is now reset, and the default functionality has been restored. The headset will automatically power off.

After resetting, you will need to re-pair the headset with your smartphone.
